

## **Annex C - Accommodation and Feeding Centre (AFC)**

In the event that temporary emergency accommodation and feeding is required, and where this cannot be provided by the good neighbourliness of Parish inhabitants, the Catherine Wheel Pub will become the first place of refuge for small numbers (up to 40). The pub has two wood/coal fires and gas powered cookers and a stock of food and beverages. The authorisation for expenditure of food stuffs can be made by the HEP Team and a careful log of that expenditure kept for re-imburement.

In the unlikely event that the Catherine Wheel is un-available or a greater than expected need for accommodation is required, the Village Hall will be taken into service. Food for the Village Hall can be requisitioned from the two local shops and a Log kept of expenditure. All of the Temporary Shelters have kitchens although electric power may be an issue.

A stock of adult High Protection Disposable Blankets (30) will be kept at the Medical Centre. They are shrink wrapped, 270x170x50mm in size and will take up very little space. It is proposed that these emergency blankets will be available for sale at Hemyock Market with the suggestion that people purchase their own (one for home and one for the car) at a price of £7.00 each or 2 for £12.00.

### **Parish Resources**

<b>Resource</b>	<b>Key Holder</b>	<b>Key Holder</b>
