Clerk Update 10.

- Agenda The Clerk was handed a letter before last month's meeting accusing the Clerk of 10.1 failing to post the agenda within the timescales specified in the standing orders, suggesting that last month's meeting was therefore invalid. The Clerk confirmed to the parishioner that the agenda was posted according to the timescales detailed in the standing orders and therefore the meeting was valid.
- War Memorials The Clerk has written to the PCC and they are considering the request for 10.2 permission to move the war memorial back by approximately 1 metre. From preapplication advice given, the Clerk believes no grant monies will be available from either Devon Remembers or War Memorial Trust for the relocation as this type of work isn't covered under the scheme. MDDC has written to all parishes asking them to list their war memorials. Clerk to find out whether listing of the war memorial would impose restrictions on any future plans to relocate.

Clerk

- 10.3 Parish Pump – Mr Povah and Mr Clist are liaising ref refurbishment of pump. Clerk has made contact with DCC reference street light within the pump and has been given guidance. The Clerk will pass on information from the war memorial Mr Clist and Mr Povah. A grant for some of the works may be available for conservation but not maintenance.
- Finance Training after attending a recent course the Clerk will pursue the option of 10.4 internet banking for the parish council as permitted under new regulations.
- The Clerk will look into the possibility of using a VOIP phone for parish clerk work. This 10.5 phone has no installation or monthly costs and uses an internet connection.
- Police Update PCSO Tracey Peters sent the following report: Good news, there are no crimes to report for the past month. There were only four logs called into the police. These were three traffic related incidents and one domestic incident.

Mr Radford joined the meeting

County Council Report

The culvert at Blackwater Lane has been repaired and the road has re-opened. However, DCC plan on closing the road again for one day whilst other essential works are completed further along the road (these works were not done at the same time as they would have restricted access to local properties). The culvert has been repaired and the old stone walls have been replaced with wooden RR bars. Mr Radford to ask for the stone walls to be reinstated, they are typical of this area and part of our heritage.

Mr Radford was also asked to progress the requested meeting with Highways, ideally before Christmas. The purpose of the meeting is to discuss all of the outstanding highway issues that exist in the parish and to visit any sites, if necessary (20mph limit on edge of village, adoption of floodbridge, Ashculme road, pot holes, pictorial signs at Ashculme/Culm Davy).

RR

Commons Management Group (CMG)

Mr Clist updated the meeting and asked the council to consider the following proposals:-

- 'Dogs on Leads' signs, recommended by Natural England, to continue with their use on Hemyock Common.
- The CMG act as the liaison between the AONB and the parish council and take on any works associated with possible future projects such as community orchards, allotments etc.
