### **12.4 Speedwatch**

Speedwatch report

Hemyock Community Speedwatch

There is still work to do on “educating” some of the drivers travelling on our village roads. In this last quarter we have not monitored any of our 30mph zones as it seems the greatest problem is within the 20mph limits. If we have enough resources then we shall endeavour to cover all our speed limit zones.

Although only 6% of those passing were recorded as speeding, it must be remembered that this does not mean only 6% of those passing were travelling in excess of the 20mph limit, as the D&C Police guidance allows a small tolerance to be added to the 20mph limit. Nonetheless the 6% of drivers monitored will have received a letter advising them of their driving over the lawful limit, including in the last 12 months, one who we have recorded over the speed limit 4 times, 4 who we have recorded 3 times, and 7 who we have recorded twice.

Page 122

Also, in the last quarter you will see that there were 8 offenders' with a maximum speed recorded in excess of 1.5 times the limit, of which one offender was travelling at 38mph or 1.9 times over the limit, and the offenders' average recorded speed is 26mph or 1.3 times the limit.

Our small team is only six people, one of which is not able to take part at present and one is shortly to be hospitalised and so will not be taking part until recovered. Nevertheless, we shall continue trying to recruit new volunteers so that more can be done to educate the naughty drivers travelling in our village.

You will already have had my views on the Police Personal Accident compensation cover for volunteers over the age of 74, (email 7 June), needless to say whatever the Police have said in their answers to me has not changed my mind about their value of us "oldies" being one tenth of our "youngsters" and I don't want to continue to volunteer for CSW in these circumstances.

Councillor Moon noted that there had been a police presence on Station Road.

### **13. MDDC Report**

In the absence of Councillor Clist, no report was given.

### **14. DCC report**

The Parish Council noted the report received from Councillor Radford and that funds had been made available to the Football Club through the Locality Budget.

Further requests for the Locality Budget should be for projects that would be completed before the end of February 2025.

The current Neighbourhood Highways Officer was moving to South Hams and his replacement would be in place towards the end of September.

Potholes continued to be an issue to be raised on DCC's website.

### **15. Public Relations**

Councillor Talbot advised that she would include information on the need to cut hedges by footpaths in the Pump article.

The Clerk advised that work was ongoing to change to a gov.uk website domain.

### **16. Clerk Update/Correspondence**

#### **Neighbourhood Plan**
